

Part 4 of 4 of the ISCT Asia Regional Webinar Series
Organized by the ISCT Asia Regional Executive Committee

Advances of Cell & Gene Therapy: Neurosurgeons' Contributions from Taiwan

中國醫藥大學
China Medical University

Sponsored in part by China Medical University Hospital

International Society
ISCT
Cell & Gene Therapy®

ASIA REGION

December 10, 2021, 09:00 CST/ SGT, 10:00 JST/ KST

Chaired by:

Oscar Lee, MD, PhD
Past ISCT Asia Regional VP
Vice Superintendent
China Medical University Hospital
Taiwan

Speakers:

John Kuo, MD, PhD
Vice President
China Medical University
Taiwan

Der-Yang Cho, MD, PhD
Superintendent
China Medical University Hospital
Taiwan

Cheng-Di Chiu, MD, PhD
Director of Minimal Invasive Spine,
Department of Neurosurgery
China Medical University Hospital
Taiwan

Part 1 of 4 of the ISCT Asia Regional Webinar Series

WEBINAR:

Reprogramming hiPSC and differentiation: Challenges in getting stable lines and good differentiating candidates for cell therapies explained

*Organized by:
ISCT Asia Regional Executive Committee*

SPONSORED IN PART BY:

SINFONIA

KAJIMA

International Society
ISCT
Cell & Gene Therapy®

ASIA REGION

Available
On Demand

Chaired by:

Adrian Teo, PhD
Senior Scientist
A*STAR
Singapore

Speakers:

Shin Kawamata, MD, PhD
Director of R&D
Center for Cell Therapy
Foundation for Biomedical Research
and Innovation (FBRI)
Japan

Steve Oh, PhD
Institute Scientist and Director
A*STAR
Singapore

Part 2 of 4 of the ISCT Asia Regional Webinar Series

WEBINAR:

Natural Killer (NK) Cell-based Strategies for Cancer Treatments On Demand Now

Organized by:
ISCT Asia Regional Executive Committee

SPONSORED IN PART BY:

International Society
ISCT
Cell & Gene Therapy®

ASIA REGION

Available On
Demand

Chaired by:

William YK Hwang
ISCT Asia Regional VP-Elect
Medical Director and Senior Consultant
National Cancer Centre of Singapore
Singapore

Speakers:

Yu-Kyeong Hwang
Head of R&D
Cell therapy Research Center
Green Cross LabCell
Republic of Korea

Joon Haeng Rhee
CEO
Vaxcell-bio Therapeutics
Republic of Korea

Part 3 of 4 of the ISCT Asia Regional Webinar Series

WEBINAR:

Manufacturing and Development Challenges in CAR-T & CAR-NK Cell Therapy in Developing Economies

Organized by:

ISCT Asia Regional Executive Committee

SPONSORED IN PART BY:

BIOSIMILAR
SOLUTIONS

BioSciencesCorp

immuneel

International Society
ISCT
Cell & Gene Therapy®

ASIA REGION

Available
On Demand

Chaired by:

Prof. Narinder Mehra
Former Dean
All-India Institute of Medical
Sciences
India

Speakers:

Mr. Robert Salcedo
President and Founder
BioSciencesCorp
United States

Dr. Anil Kamat, MD
Head, Clinical Development
Immuneel Therapeutics
India

MISSION

- ❖ ISCT is the global steward fostering cell and gene therapy translation to the clinic
- ❖ With a member network of 2,400+ leading clinicians, regulators, researchers, technologists, and industry partners, ISCT members have a shared mission to **translate cell and gene therapies into safe and effective therapies to improve patients' lives worldwide**

Membership to Meet Your Needs

ISCT members are the core of our Society. With member representation at every step of the translational pathway, **ISCT serves to support your unique needs** as we advance the CGT field together.

ISCT offers tailored membership categories for **Individuals, Labs, and Industry Companies** – Find the membership best suited for you.
